Forecast For Yorkshire & the Humber
Issued by Met Office Exeter
at 0400 on Tuesday 23 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry, bright and windy today. Staying mild.

Today:
Dry and bright, with sunny spells first thing. However, it will turn increasingly cloudy from the west during the afternoon, although it will remain dry. A windy day, locally gusty at times, especially over the hills. Staying mild. Maximum temperature 12 deg C (54 deg F).

Tonight:
Overnight will be largely dry and rather windy, locally gusty at times, especially over higher ground. However, some outbreaks of rain will arrive from the northwest by dawn. Mild. Minimum temperature 10 deg C (50 deg F).

Wednesday:
Cloudy with some outbreaks of rain moving southeastwards across all parts during Wednesday. Windy at first, but gradually easing through the day. Staying mild. Maximum temperature 13 deg C (55 deg F).

Outlook for Thursday to Saturday:
Early rain clearing southeastwards on Thursday to leave a dry and bright day. Turning increasingly settled on Friday and Saturday with bright or sunny spells and light winds. Mild overall.
